Packaging & Assembly Solutions Wrapped Up!

At Integrated Wood Components Inc. (IWCI) we provide complete services from laminate panels, component parts, finished assemblies, packaged products to delivery.

Strategically located in upstate New York, IWCI is within 750 miles of 75% of the population of North America. Daily deliveries via our company owned fleet insure prompt courteous "Just in Time" service.

Our In-house design services enable us to establish the best possible packaging and assembly process for your particular needs. This means quality and cost efficiency. We are determined to develop optimum packaging and assembly solutions....starting with quality tested material, continuing through to drop-ship deliveries from our recently expanded warehouse to your customers front door.

IWCI operates and maintains a packaging and assembly line in our new 150,000 square foot facility, which includes stationary air nailers, staplers, conveyers and rollers, attached to a "lan ringer" auto stretch wrap line for quick and efficient packaging of flat packed items as well as fully assembled units.

At IWCI we pride ourselves in knowing that we can provide you with total solutions to your packaging and assembly problems.

Our success is measured by yours.
